

Press Release

For Immediate Release

March 15, 2011

USA-TPA, Inc., today announced that it has been appointed, trust administrator for various trusts previously administered by New York Compensation Managers, Inc., (NYCM). USA-TPA will be managed by Christopher R. Mason and Anthony D'Amato, formerly of NYCM.

USA-TPA, Inc., President and Chief Operating Officer, Christopher R. Mason, notes the following benefits of the new organization:

- USA-TPA, Inc. has been providing quality claim management services to independently self-insured clients in New York State since 2004.
- USA-TPA, Inc. is licensed as a claims administrator by both the New York State Workers' Compensation Board and by the New York State Department of Insurance.
- Operational efficiencies will lead to more competitive services to current and future clients.
- The Trustees of the Special Trades Contracting and Construction Trust have appointed USA-TPA, Inc., as their trust administrator effective January 1, 2011.
- USA-TPA also serves as trust administrator for the Mercantile Self Insurance Trust and The NYSARC Workers' Compensation Trust
- Management of all trust services, formerly provided by NYCM, will be provided by USA-TPA, Inc., including:
 - Underwriting and pricing
 - Claims case management
 - Billing
 - Loss control services
 - Payroll audit services
 - Trust financial management
- The Special Trades Contracting and Construction Trust continues to be fully funded and is actively accepting new members. Current financial statements with results through December 31, 2010, will be published and available during the second quarter of 2011.
- New Broker Agreements will be published in the second quarter of 2011.
- USA-TPA, Inc. will continue to monitor the regulatory landscape and provide the best workers' compensation coverage options available for its members and brokers.

USA-TPA provides a more comprehensive portfolio of services to support the needs of trust members, clients, and broker partners.
