Cicero Based NYCM – Set To Launch All New Insurance Information System

There is a lot of excitement at New York Compensation Managers, Inc. The excitement is over an all new insurance information system known as 

New York Compensation Managers, Inc. is based in Cicero, NY and is the administrator of two Self-Insured Trusts for workers' compensation in New York State. The Automotive Service and Repair Trust and The Special Trades Contracting and Construction Trust consist of over 1000 New York State Businesses.

Xeva is a windows based product written in Microsoft.Net. This new highly efficient management system provides richer communications with claims management, enhanced report offerings, expanded search capabilities, and more. Xeva is an extremely user-friendly, secure system with features that are unsurpassed in the industry. The official company wide launch of Xeva is Monday February 2, 2009.

Press Release

Developed in house by The Xclaim Software Team, Xeva will meet the needs of NYCM and the businesses throughout NYS that NYCM serves. Xeva includes sophisticated data analysis, reporting, and experience modification tools.

These tools help NYCM's Workers' Compensation Professionals pinpoint claims costs and identify trends. By using the information gathered with these tools, claims and safety specialists can operate with a much higher level of efficiency to develop cost-saving strategies.

The Xeva System has major functions that are used by every department and side of our company. All Claims and Employees for a specific Trust Member can be tracked within the system, keeping the information accurate and complete.

Xeva allows NYCM to operate 100% paperless which is a huge benefit when it comes to tracking and analyzing a claim.
